

Note: This index identifies those documents OWPE used to make its final decision on the Wausau petition. In making this decision, OWPE reviewed, among other documents, Wausau's September 14, 1992, comments and attached exhibits on the preliminary decision. A copy of Wausau's September 14, 1992, comments and attached exhibits as well as the other documents used by OWPE in making the final decision are available at EPA Headquarters, Office of Waste Programs Enforcement, Washington, D.C. You may contact, Fred Zimmerman, at (703) 603-9063 for more information. A copy of Wausau's September 14, 1992, comments without the exhibits as well as the other documents used by OWPE in making the final decision are available for review at the EPA Records Center (Record Center) in Chicago, Illinois. These documents were duplicated and placed in the Record Center in Chicago in order to facilitate access to these documents. OWPE has not sent duplicates of the exhibits to the Record Center for inclusion with the other decision documents for the following reasons: (1) the Petitioner should already have a copy of the exhibits as the Petitioner, Wausau, submitted these lengthy exhibits (over 1000 pages) to OWPE as part of its comments; (2) the exhibits primarily consist of documents already present in the full site file located at the Record Center; and (3) based on (1) and (2) as well as the length of the exhibits, there was no reason to spend money duplicating documents already available to the petitioner and the Region. Again, the documents and the exhibits are available for review at EPA Headquarters in Washington, D.C.

Administrative Record on Final Decision (Subject
Index) for CIW Site,
Romulus, Michigan

SUBJECT

DOCUMENT
